

QFO Operator Certification Application Form

Name: _____ Email: _____
Address: _____ Home Telephone: _____
_____ Work Telephone: _____
_____ Fax: _____

Order Number (for credit card payment): _____

The test for QFO certification consists of two parts. To achieve certification, applicants must pass Part 1, General Knowledge and at least one of the Part 2 specific operator Class Designations.

An individual who is already QFO certified need not retake Part 1 General Knowledge when applying for additional Class certification(s).

Are you currently certified under QFO? No Yes, my QFO Certificate Number is: _____

1. Selection of Class Designation

Indicate the Class Designation(s) for which you are applying (no more than two per application):

- Class A - pulverized fuel fired plants and cyclone furnaces
- Class B - single burner oil, gas or combination fired plants
- Class C - multiple burner oil, gas or combination fired plants
- Class D - stoker fired fossil plants
- Class E - fluidized bed fossil plants
- Class F - auxiliary fired heat recovery steam generators (HRSG)

2. Education

Complete this section as applicable. All information is subject to future verification.

2.1 High School Diploma Yes No Year Graduated: _____

High School: _____

Location: _____

2.2 High School Equivalency Diploma Yes No Year Issued: _____

Issued by: _____

2.3 Baccalaureate Degree in physical sciences or engineering, or Associate Degree in technical studies:

Yes No Year Graduated: _____

Name _____

Location: _____

Degree earned _____

2.4 As an alternative to (2.3), describe 60 credits of coursework taken at an accredited institution relative to :
(1) advanced mathematics, (2) chemistry, (3) fluid dynamics, (4) thermodynamics, (5) materials science, (6)
combustion theory, (7) environmental, mechanical, civil, chemical, or electrical engineering.

A summary, including the name of the accredited institution must be provided below or attached to this form.

3. Experience

Describe at least two years of experience in general industry or industrial process, which shall include boiler operations. If you have an Associates Degree, Baccalaureate degree or 60 credits of relevant coursework you need only one year of this experience.

All applicants are required to have boiler operations experience in the Class designation for which they are applying.

You may photocopy this page to document additional experience if necessary. A separate page should be provided for each Class designation for which you are applying.

Place of Employment: _____

Location: _____

Dates of employment: From: _____ To: _____

Position/Title: _____

Supervisor: _____

Description of duties/experience:

While employed at this location, I achieved **experience** in the following Class (Check only one per page.):

- Class A - pulverized fuel fired plants and cyclone furnaces
- Class B - single burner oil, gas or combination fired plants
- Class C - multiple burner oil, gas or combination fired plants
- Class D - stoker fired fossil plants
- Class E - fluidized bed fossil plants
- Class F - auxiliary fired heat recovery steam generators (HRSG)

Provide a brief history of applicable training for the applied Class designation:

Affirmation:

The applicant affirms that he/she meets all of the relevant requirements and qualifications in the *ASME QFO-1 Standard for the Qualification and Certification of Operators of High Capacity Fossil Fuel Fired Plants*.

The undersigned declares that all representations contained in this application are true.

Applicant's Signature

Date

Fees for QFO Operator New Applicant:

A new applicant fee of \$658 must accompany a completed application. If the candidate is applying for two classes, the application fee would be \$687. A portion of this fee (\$60) is a non-refundable application fee. If a candidate withdraws prior to executing an exam, the unused funds can be refunded.

Please print out the application, complete it and coordinate the submission of your application with one of the payment options below:

Methods of payment and submittal:

Credit Card: Complete the application and use the 'Purchase Now' link on the Application Process page. After your payment is approved, you will be issued an order number. Please enter your order number in the space provided below. Save your completed application and submit it to ASME via email, fax or mail.
